

RESEARCHING THE ESSENCE OF BIODYNAMICS - ITS ROLE IN THE FUTURE OF AGRICULTURE

Inaugural Conference of the Agriculture Section Branch in Australia

The Branch is a forum where people connected to farming and gardening who are interested in Biodynamics, Anthroposophy and Spiritual Science can meet, share ideas and participate in research.

The conference involves a blend of talks, group discussions, workshops, eurythmy and speech, meditations, biodynamic farm tours and future planning.

Our Keynote Speakers:

Ueli Hurter

Co-head Agriculture Section
Goetheanum Switzerland - via video

Terry Forman

Australian BD elder

Helen Vogel

School of Spiritual
Science

Brian Keats

Creator of the Antipodean
Astro-Calendar

Ioanna Panagiotopoulos

Christian Community Priest -
Canberra

Supported by a range of facilitators for:

- Eurythmy and speech
- Festive agriculture workshop
- Small group discussions and Q&A
- Meditations
- Farm tours
